REVEL DINING EXPERIENCES CREATE MOMENTS TO SAVOR

Extensive Menu of Chefs and Dining Options Central to Resort

REVEL BEACH, Atlantic City, NJ – What was the most memorable thing you ever ate? Chances are you have a hard time narrowing down to just one thing. Some things you remember because they were just so good, some things you remember because you were just having so much fun, Revel has curated a collection of outstanding chefs and restaurateurs so you will easily find food that is satisfying and memorable. You create your own story at Revel and food will be a part of it, even if you are not a foodie.

Revel, with the help of Vibrant Development group, has sought out chefs who are recognized for their craft, but not commoditized, they are still personally and passionately involved in their creations. The chefs are bringing some of their established restaurants from New York City, Philadelphia and Washington DC, and they created new concepts just for Revel. Everything from a quick breakfast, to lunch by the pool, or dinner will share the same commitment to excellence.
