## REVEL OFFERS HIGH-ENERGY DINING WITH “ONE” FROM THE ONE GROUP

**REVEL BEACH, Atlantic City, N.J. (April 5, 2012)** – High-energy dining arrives at [Revel](#), the 6.3-million-square-foot beachfront destination, with One, a new dining concept created by New York-based hospitality company The ONE Group. Bringing the pulse of Manhattan’s Meatpacking District to the Atlantic Coast, **One** combines an edgy rock n’ roll aesthetic with laid-back energy. The crowd’s eyes will focus around **One’s** colorful central bar with its prominently placed deejay booth, while they nosh on burgers, salads, steaks and side dishes from midday through the wee hours of the morning. From décor to dessert, this American grille-style restaurant will elevate the dining and social experience at Revel.

**One** joins an impressive roster of culinary partners at Revel. The resort features over a dozen concepts from renowned chefs and restaurateurs who have a vested interest in Revel and bring their signature flair from their regional restaurants in Washington, D.C., Philadelphia and New York City. Strong entrepreneurial spirits and a tremendous talent to create gastronomic and lifestyle experiences are common threads among Revel’s partners.

The beachfront destination is smoke-free and features over 1,800 rooms with sweeping ocean views. Designed to embrace its natural surroundings, Revel curated a collection of daylife and nightlife experiences crafted to bring the outside in and the inside out. Indoor and outdoor pools, gardens, lounges, and 32,000-square-foot spa provide the guest with a relaxing resort, while an outstanding collection of 14 restaurant concepts, live entertainment, nightclubs, an oceanfront dayclub, a casino that feels like a theatre and a collection of boutiques tailor to guests passions.

“Revel targets the exact demographic we cater our brands to in New York and the other cities across America,” said **Jonathan Segal, CEO of The ONE Group**. “We’re very excited to be among the great group of restaurants opening at the resort.”

The **One** dining experience will be available all day to Revel guests, with a menu created by The ONE Group’s Corporate Executive Chef Liran Mezan. The restaurant offers breakfast daily, and a “rockstar” brunch on weekend offering options like spiced-up egg dishes and a Bloody Mary bar, begging the question—coffee...or cocktail. At lunch the space takes on a bit more of an energetic vibe as the resort bustles with shoppers and guests passing by. By dinner time, **One** goes full-throttle with its haute couture crowd meets rock n’ roll design and a deejay spinning Wednesday through Saturday.

The restaurant’s cocktail program is aimed to blend both comfort with curiosity, offering signature drinks such as the **Cucumber Stiletto** (Ketel One Citron, St. Germain, Fresh Lime Juice, Cucumber, Mint) and the **One Night Stand** (Ciroc Coconut Vodka, Pineapple, Fresh Sour). As guests take in the scene, sip a luscious cocktail and groove to the beats of the deejays spinning, it’s clear that *One Rocks Revel®*.
